FOREWORD

This current list of merchandisers of grain; public warehousemen, and grain dealers, seed dealers, seed processors and warehousemen, licensed to do business in Montana is made available through the courtesy of the Montana Department of Agriculture.

May we bring your attention to some of the major responsibilities imposed upon grain dealers and warehousemen by law.

1. Do not operate your grain and/or business unless properly licensed and bonded as provided for by Sections 3.228.1 through 3.228.8; Section 3.229; Section 15-2363; R.C.M. 1947.

It is mandatory that your license application and bonding endorsement or renewal, be received in the Department prior to July 1 of any year; as your firm must be licensed for the new year on July 1.

2. A warehouse receipt shall be issued at the end of each day for all grain received and not settled for. All grain received from one owner during any one day is to be construed as a single lot.

Charge the legal rates for services as listed in Section 3.228, R.C.M. 1947.

4. Buy on protein test basis unless the owner waives his right to such a test by written "waiver".

5. Do not ship grain out of state covered by warehouse receipt except by approval of the holder of such warehouse receipt as indicated by signed "waiver". Use only the waiver form approved by the Department of Agriculture.

6. Annual and special reports are required to be submitted to the Department under Section 3.227, on forms prepared by the Department. Annual reports shall be submitted by June 30 each year and special reports, when required are to be in our office between the fifteenth and twentieth of each month.

7. Be sure that forms used comply with the regulation of, and have been approved by, the Department of Agriculture.

8. Information relative to the laws and regulations may be secured by writing to the Montana Department of Agriculture, 1300 Block Cedar Street, Airport Way, Building West, Helena, Montana 59601.

GEORGE LACKMAN
Commissioner of Agriculture
